

THE HERALD.

JOHN P. BARRETT, Editor

WEDNESDAY, OCT. 10, 1883.

In 1880 there were 50 murders committed in Kentucky. In 1882 there were 96. Up to August 15, this year, there were 100.

Of the 117 counties in Kentucky, 79 have newspapers published within their borders. Of the 189 papers in the State, 12 are dailies, 2 tri-weeklies, 10 semi-weeklies, 14 weeklies, 5 semi-monthlies and 16 monthlies.

The smallest steam engine ever made is among the exhibits in the Southern Exposition. It stands on a gold dollar and can be covered with a thimble, and three drops of water furnishes the steam necessary to run it. It is valued at \$25,000 and is not for sale.

THE soldier's re-union at Rockport, Ind., in September was a grand success. Capt. Samuel E. Hill, of this place, was present and was called on for a talk and responded. Of his effort the Rockport Sentinel says: "Capt. Samuel Hill, of Kentucky, was never introduced, and for a short time electrified the audience. His speech was full of fire and patriotism. He carried the audience into a blaze of enthusiasm, and the eloquence of the speaker was grand beyond description. The gallant captain's patriotic heart seemed to swell as his hearers caught the eloquent words as they flowed from his patriotic soul, until the speaker and all who heard him, were fired with enthusiasm, such as had not been witnessed up to that moment."

WHILE in Louisville recently we attended an open air meeting conducted by Steve Holcomb, the reformed gambler. In a conversation with him we learned that he began gambling when a boy, and was a regular professional gambler for twenty years, during which time he traveled nearly all over the United States. He was, as is very uncommon, a successful gambler, so far as making money, but he became restless. He was dissatisfied with the kind of life he was leading; was heavy laden and about six years ago turned to Jesus and says the promised rest was given him. Since then he has been a devout Christian. He worked in a quiet way for about four years, but about two years ago concluded that there was a work for him to perform, that it was his duty to do it, and he straight way set about it. With the help of prominent Christians of all denominations in the city, he established a gospel mission with headquarters at 436 West Jefferson street, and has since been superintending it. He conducts a Sunday school, Bible class, Gospel meeting, open air meetings, and is doing all he can to forward the cause of Christianity. He works for no one church in particular, but endeavors to do all the good he can. He has never faltered for a moment since he turned his back on vice. He is doing a noble work, and is backed by all the good people of all denominations in the city. His talks are entertaining, instructive, encouraging, showing that the vilest may be reformed and become respectable citizens.

At the risk of being termed "Old Fogey," we dare to submit some reflections upon the crying evil of the day, suggested by a meeting of whisky distillers in Louisville a few days since. We do not propose to offend him who imbibes "moderately," or those who do so immoderately. These are disputable or debatable terms. Our object is not to lecture; far less to be censorious, but to ask of the reader: Sir, do you ever drink? If you do answer the question honestly. Have you never been under the influence of liquor? If so, is there not danger that that may occur again? What good did you experience from that intoxication? Was your head more clear? Did you have more self-respect than before, and did you gain a higher respect from your acquaintances, or strangers by that? Was you better prepared to attend to business and to perform your duties as a citizen while in or after the intoxication? than before? Did your father have more pride in you because of that act? Was your mother's heart, because thereof, cheered? Did brother or sister, kindred or friend have higher hopes because you thus imbibed, of your future? Reader, if you have a darling boy, or a lovely daughter, would you have been glad for the one or the other to have seen you thus? And think you your young souls would have been intensified with gladness and thrilled with joy because you thus influenced? Again have you a young wife, whose every hope and whose every feeling of love and devotion are centered in you, if so did you make her the more cheerful by thus imbibing? Think a moment of the anxious suspense created in the minds of all, and answer the question, is it not better to desist and say I will touch it no more. No man ever started with his first drink intending to become a drunkard, or fill one's grave, and yet every one commences as you have, with the same high resolve not to drink too much. In addition to all this and the expense incident to gether with the possible if not probable misfortunes that may overtake you by the use of it, endangering name, liberty or life, it disqualifies you from business. Be not deceived by it, though it may whisper "no one will know it." No one has ever escaped destruction. You, as surely as you are reading this article will forfeit, whatever may be your avocation, more or less of the confidence of those who know and hear of you. Say to yourself and the world, if not otherwise, by your actions that you will not hereafter touch or handle the unclean thing. You will never regret this resolve, but will gladden the hearts of those bound to you as with hooks of steel.

The colored men of Ohio held a convention at Columbus last week, and the following resolution was unanimously adopted, amid deafening applause: Resolved, That we, the colored citizens of Ohio, in convention assembled, feel that it is detrimental to the best interests of our race to be bound to one party, and we believe our welfare and progress, politically, educationally, and socially, would be best subserved by exercising our inalienable rights of suffrage, untrammelled by the ties of any party, and for such measures and principles as conscience dictates; that we do not detract one iota from the glory of the good deeds manifested to wards us in the past by the Republican party; but we believe that as all men are born free and equal, the time is now come when the new day and new duties demand of us that we in the future exercise our rights as citizens, without consideration of any former political affiliations.

The Exposition at Louisville

Has been increasing steadily in interest ever since it opened, and the large attendance is going to last through to the end. It is a matter of impossibility for any writer to bring to your mind or even do half justice to the many and varied features of this great show. We would advise all those, where it is in their power possible, to go, for the Exposition must be seen to be appreciated to the fullest extent. Even days can be profitably spent among the many beautiful displays which meet the view everywhere, and to add more to its attractiveness, thousands upon thousands of brilliant electric lights are turned on to make them still more beautiful.

The flowers and music are of course instrumental to a great extent in securing the increased attendance. The flowers are exquisitely beautiful. Nothing more elaborate or magnificent in the floral line was ever seen in the city before, and they are made exceptionally attractive by the artistic powers of the masters in charge. The people linger around these fragrant beauties and seem loth to leave when the closing hour comes. Of course music possesses the greatest power of attraction to many. But of all nights the Pyrotechnic display brings out the largest crowd, and really there is scarcely room enough in the extensive building and grounds for the people to move about with comfort.

The Exposition building and grounds are chaste, elaborate and elegant in their design and ornamentation, and present a brilliant and delightfully suggestive appearance. The contrasting beauties of the various combinations used in its construction are very striking, and gives to the whole a very harmonious effect. The park is laid off and is charmingly and tastefully decorated with flowers of exquisite beauty and rare perfume. To us the first view of this immense show in all its magnificence was bewildering. It was like some grand panorama passing before us, and we will suggest that it is impossible for the mind of man to comprehend at once the vastness of this wonderful exhibition. It would be but a failure on our part to attempt to give but a passing notice of one, if not the most attractive features, the Art Gallery. It has combined the works of American and foreign artists, a collection as a whole never equalled on this continent.

Work for the Legislature.

The elected popular branch of our Legislature is composed for the most part, of new men; men, fresh from the people, and popularly supposed to be conversant with the necessities and requirements of the times; men who ought to be in the foremost ranks of progress, wise thinkers, whose sole aim it should be to conserve the best interests of their respective constituencies; ready and able to grasp the situation and with fearless hands to lift the old Commonwealth from the debris of servile absurdities to the broad plane of advanced ideas and material progress.

The work before these men is, perhaps, as onerous, and as necessary as any which their predecessors have had to do. It therefore behooves them to be the representatives of the actual exponents, of enlightened views and conservative, but progressive measures, to rise to the high standard of popular expectation and in their capacity of legislators to produce these results which the people have heretofore looked for in vain. This cannot be accomplished by being the mere echoes of party or faction, but by occupying at once, and boldly the position of statesmen, not unfrequently, to the prejudice of the public will, left tenants.

That there should be many and wholesome changes made in the present general laws, and that new laws should be enacted is unquestioned. Among the multitudinous—the herculean labors of the new representatives, the following are, at least, suggestive: First, That the criminal laws should be amended as to permit the defendant in criminal cases to testify in his own behalf. The defendant in civil cases is now permitted to do so, whether the amount in controversy is large or small. It is certainly a curious legal anomaly which regards a man's property as more sacred than his life or liberty.

That this condition of things exists, is of itself a convincing argument in favor of removing forever from the statute books those judicial parasites, and legal incubuses which have preyed upon, and weighted down the judicial system for ages, and which have been handed down from tribunal to tribunal from generation to generation, unchallenged, with cruel and pernicious solidity. They are but the natural outgrowth of the cruelty, the selfishness, the barbarism of feudal domination, the dictum of ignorant and tyrannical princes. A judicial system, un-American, almost un-Christian, utterly unsuited to republican institutions.

Murdered and Roasted Near Rockport.

A dispatch from Rockport, Ind., dated Oct. 3, says: A mysterious but foul murder occurred yesterday evening at

9 o'clock, three miles above here, on a shoreboat lying on the Butler farm. But very meagre accounts could be obtained. Yesterday the same boat was lying a short distance above Grandview, Ind., and the occupants, two men were out in the woods hunting. They had with them one shot-gun and two revolvers. Parties who saw them, describe one as a large, dark complexioned man, apparently forty years of age, wearing heavy dark whiskers; the other is a young smooth-faced man, about eighteen years of age. Shortly before dark the oldest was in Charles Lamar's store, in Grandview, buying powder. At dark they started down the river. Shortly after several shots were heard. The evidence as to the number is conflicting, some saying five others claiming to have heard as many as twelve. About the same time the boat was seen to be on fire. This morning the news reached here that a murder had been committed. Several started for the scene of the tragedy. Upon arriving at the place they found the boat aground burned to the water's edge, and on the boat a sickly sight was presented. The charred remains of a human being were seen. The lower extremities were burned to ashes. The flesh on the face was gone, only by turning the body on its face a spot of flesh about the size of a hand was seen untouched. Many hairs were seen, which led to the conclusion that it was the eldest of the two who was so foully dealt with. On the skull two fractures were discovered, one apparently made by a hatchet, the other resembling a bullet hole. There was also with the boat a large yellow dog, which was found on the shore, and a skiff, which together with the young man are missing. Whether he also was murdered and his body thrown in the river, or whether he was the murderer, time alone can tell. The coroner held an inquest to-day, the result of which has not been made public.

Sutton Abilities.

Married at the residence of the bride's father, Mr. Wilcox, Mr. Charlie Sutton to Miss Lucy Wilcox. May joy be with them. Mrs. Rogers, of Rosine, is visiting in this vicinity. Mrs. Charlie Smith is very ill at this writing. We have a visitor in our vicinity from Texas. I don't think he likes Texas very well, as he was so proud to get back here. Now, you Texas fellows need not boast about your State any more, for this young man had to have money sent to him to come back to Evansville, thence to St. Louis. Mr. Hugh Hales left Sunday for that city, and telegraphed the sheriff yesterday that he had the young man under arrest.

Editor Herald: As this pleasant little spot of terra firma has been neglected so long in the columns of your paper, I deem it proper to inform your readers that this is still the same scene of life and thrills as in the memorable days of "Kate Krangle."

When Green River is swollen this becomes an island proper, with an area of about eight square miles. Its surface is somewhat undulating, its soil generally fertile, well adapted to the production of wheat and corn, and also permit your correspondent to say there can nowhere be found upon the same area of ground more wide-awake, energetic farmers than here. The people are sociable and hospitable, and support liberally one church and two schools.

They are worthy young men and deserve much praise. Leslie Iglehart moved to his new house here last week.

Mr. S. W. Jones will soon be domiciled in his new quarters, the coolest and most convenient in town, when he moves out Jim Rowe will move in.

France Hellen has moved to the country and several other moves are to take place in the near future.

W. P. Rowe & Son are to commence the mammoth new store right away.

The new preacher who ever he is to be, was not on hand yesterday, the regular day for preaching here.

Business was never better at this place than now. Our merchants are kept busy from morning till night nearly every day. The mill is running only two or three days in the week, on account of a scarcity of water. They, however, hauled water a day or two last week with which to run.

The schools in all the surrounding districts are in flourishing condition. No complaints against any of the teachers so far as known.

Mr. E. T. Taylor, (grandson of Uncle Bob Rowe), a leading furniture and hardware merchant in Mayfield, Graves county, spent several days among friends and relatives here last week.

Miss Sallie G. Warden, after two weeks absence with her sister, Mrs. Hoover, at Buford, returned Friday evening last. She had a very pleasant time. She attended the re-union at Sugar Grove; says that was a grand affair.

J. E. White, a former resident of this county, but now of Missouri, spent a week with his mother, Mrs. Dr. White, and others, returning Wednesday, the 3rd inst.

W. T. Bennett, one of our substantial bachelor friends, and Miss Nettie, daughter of H. G. Bidwell, of the Point neighborhood, were married at the residence of the bride's father, on the 4th inst. Success to you Billy, and your amiable bride.

Mr. Robertson Ashby and Miss Alice, daughter of Esq. W. L. Rowe, and one of the most beautiful and accomplished young ladies in this part of Ohio county, were married at the residence of the bride's father, on Thursday, the 4th inst. Rev. D. J. K. Maddox officiating minister. May a long and prosperous career be their lot through life is the wish of many friends.

Will Berry Tichenor and family visited relatives and friends in this locality a week or so ago.

W. M. Tichenor, of the Point neighborhood, had the misfortune to have his house and nearly all its contents consumed by fire last Wednesday evening. I have not learned the particulars of the burning, except that a defective flue was the cause of the fire. Mr. Tichenor has the sympathy of all.

Mr. Morris, of near Mercer Station, Muhlenburg county, has moved to this town. He is to engineer at the mill.

There is considerable excitement in regard to the mysterious disappearance of Maggie Turner. She had been making her home at J. M. Rowe's, near here, for some weeks, and on Wednesday evening about six o'clock she left there to go to Warren, Mo., as she said, since which time she has not been seen or heard from. There seems to be some apprehensions that she may have been fully dealt with.

C. W. Hooker, will in future make his home with his son-in-law, W. H. Ross. Mr. Ross came to-day with a spring wagon and carried him home with him. Mrs. Tichenor, his invalid daughter, will make her home with her brothers-in-law Wm. Tichenor, in the Point.

EDGAR RILEY, Livermore.
DAVID ROGERS, Buford.
JNO. T. SMITH, Jr., Fordsville.
S. P. BENNETT, Ceralvo.
DR. G. R. SANDERS, Centertown.
WILLIE MAY, Haynesville.
J. B. HOCKER, Sutton.
T. C. FLOYD, Whitesville.
V. B. RAINS, Rosine.
HON. R. P. HOCKER, Beaver Dam.
W. A. GIBSON, Caneyville.
MRS. NANNIE W. JONES, Horton.

PERSONALS.

Mr. Ed. Johnson, of McLean county, attended our fair last week.

Freddie Griffin and Willie P. Maxwell left Monday for Louisville.

Mr. Henry Amendt is quite sick at the residence of his son-in-law, L. R. Becker, Esq.

Capt. Sam Hill's little daughter, Lizzie, is no better at this writing, and her recovery is doubtful.

R. D. Baily, representing one of the Tobacco Warehouses of Louisville, was in attendance at our fair.

Mrs. Jackson Gord and Dr. Myron Gordon, of Masonville, were among the visitors at the fair last week.

Mr. John Brotherton and wife, of Owensboro, attended the fair at this place last week, leaving for home Saturday.

Hon. Jo B. Read, of Louisville, a prominent candidate for Speaker of the next House of Representatives of this State, attended our fair.

Jesse G. Benton, of Indiana, a native of this county and a brother of our townsman, Joseph T. Benton, is visiting relatives in this county.

Mr. R. C. Ashby called on us Monday. He is engaged in peddling out door rams, in Webster county. Well, he's teaching singing school.

Mr. John J. Johnson, of Warren county, called on us Monday. He was here at the fair last week and is at the Owensboro fair this week.

Mr. Warren Griffin and daughter, Mrs. Joplin, of Elizabethtown, accompanied by Mrs. Farish and daughter Florence, of Culpeper, Virginia, are visiting relatives here.

Mrs. Ann Bennett, and daughter, Mary, left yesterday for McLean county, where they will spend about two weeks visiting the family of Ed. Johnson.

Miss Annie Griffin returned last Wednesday from a three week's visit to relatives in Louisville. Of course she visited the Exposition while there, and was well pleased with the display.

Mr. A. Lee Rowe, of Centertown, is engaged teaching school at Island, McLean county, Ky. Lee is a moral, sober, honest, intelligent young man and worthy of the confidence reposed in him by the people of Island.

Col. R. P. Hare, of the Falls City Tobacco Warehouse, Louisville, Ky., came down last Wednesday and took in our fair. He is a genial, intelligent gentleman, and represents one of the best Tobacco Warehouses in the State.

Mr. John C. Thomas, Mrs. D. E. Thomas and daughter, Mary, Mrs. J. H. Martin and daughter, Miss Ella, Mrs. Mary A. Thomas and grandson, Jimmie, left yesterday to attend the Owensboro fair. They will be the guests of Mrs. W. H. Owen.

Dr. W. P. Westerfield, of Rochester, attended our fair last week. The doctor is one of our boyhood friends whom we had not seen for many long years until recently. He remembered us and complimented our work by subscribing for the HERALD for a year.

Mr. Haden Webb, of the Pickett Tobacco Warehouse, Louisville, Ky., spent last week in our midst and visited our fair. Mr. Webb is an old reliable citizen, representing an old reliable firm and is well and favorably known here.

Col. Jon B. Nall, of the Farmers Home Journal, Louisville, Ky., took in a good part of our fair last week. Col. Nall is one of the most elegant gentlemen in Kentucky and publishes just such a paper as every farmer and stock raiser and dealer in the State should have.

R. B. Stevens, a son of "Red Dick," who has been a citizen of Texas, for near four years past, has been visiting his old home for a few weeks and left for home last Sunday evening. He honored us with a visit while here. He lives at Mineral Wells, Palo Pinto county, and is much pleased with his adopted home. He has shown his appreciation of the Texas girls by taking one of them as partner through life.

Rev. J. S. McDaniel and family will leave us to-morrow for their new home, Wallonia, Trigg county, Ky. That is a good circuit, and while we regret to lose them from our midst, we congratulate them upon having been assigned to such a good work. May Heaven smile upon and prosper them, and Bro. McDaniel be successful in his new work is the wish of the HERALD and their numerous friends in this county.

We were very agreeably surprised to meet Miss Katie Hamilton, of Elmo, West Virginia, at the fair last week. She is the daughter of our friend, Uncle "Billy" Hamilton, who left here several years ago. She has been back on a visit to relatives at McHenry for a few weeks past. It was a real genuine pleasure to meet her again and to learn from her of Uncle Billy and the family nestled down in the valley of New River amid the craggy mountains of West Virginia.

—R. P. Rowe is selling goods now at very high profit.

—Henry Pace has moved his barber shop to the corner of Market and Washington streets, opposite the old jail building. His customers will find him there ready to serve them.

—Tote Midkiff and family, Henry Morris and family, Wm. Mitchell and family and Alfred Allen and family, of the Sulphur Springs neighborhood, passed through town last Sunday evening en route for Missouri, which State the three latter will make their future home. The former will go to Arkansas.

—Married, at the residence of John Barrs, near Goshen church, Sunday, Oct. 7th, 1883, by Rev. J. S. McDaniel, Rev. J. A. Taylor to Mrs. Mary Overton. After a feast of good things they came to Z. Wayne Griffin's and took supper and spent the night, leaving Monday morning to visit Blackman Addington, a brother of the bride.

—Remember that R. P. Rowe is getting higher prices for goods now than any merchant in the Green River country.

—J. C. Doyle, deputy marshal of Hartford, is a good one, and does his work up to the hilt. He is a terror to evil doers generally. Woe be unto the law breakers who cross Doyle's path. He was marshal for the fair company last week, and hauled in a lot of gamblers and led a few obstreperous fellows out of the ring. The officers of the fair say that he made the best marshal they ever had before. That's the kind of an officer we need; one that tries to do his duty under any and all circumstances.

—"Tom" Bryant, the howling hyena from the knolls, was on the war path Monday night. He was jailed last Saturday for drunkenness and fined \$1, and was then arrested under warrant for carrying concealed weapons. Sheriff Smith and Marshal Doyle became responsible for his appearance Thursday to answer to the charge, and he was turned loose by night he was whooping and yelling and cursing in a manner that would make a Comanche Indian blush. Marshal Doyle arrested him without a warrant, and the offense being a violation of a town ordinance and the police judge being absent no warrant could be procured, and he was again released. This encouraged him and he yelled and whooped louder than ever. Doyle & Smith gave him up on his bond for his appearance Thursday, and he was jailed again, which, according to the opinion of several, was just what he wanted, there is a woman in jail that it was thought he was fond of being jailed by. Jailer Bean, however, put him in the inner cell to himself, which so enraged him that he yelled and roared himself hoarse. He should be prosecuted for these misdemeanors and fined the full extent of the law, and in the default of payment made to work the roads or streets under a hard task master until it is worked out. Something like that would cause him to have a little respect for law and order. An ordinary confinement in jail, where he can get good eating and a place to sleep without work is no punishment to such a creature as he is.

—Bill's hair and whisker dye, 50 cts.

—Fine lot of Chamois skins for sale at Thomas & Kimbley's.

—The Owensboro fair begins to-day. Several of our citizens anticipate attending it.

—Miss Sallie Klein, the thirteen-year old daughter of our fellow-citizen, George Klein, took the premium on sweet pickles made by herself.

—If you want to purchase a good spring or farm wagon or buggy, you will find it to your interest to call on Tracy.

—H. B. Taylor & Co., have repainted the front of their storehouse and placed a new and handsome sign over the door.

—Unlike most hotels, the Dennison, of Cincinnati, has not a dark room, and the beds are exactly uniform and the best.

—Remember if you are in need of eye glasses, you should go at once to Z. Wayne Griffin & Bro., and get a pair of their genuine pebbles.

—The Dayless county fair is being held this week, and will no doubt prove a grand success. They always have a large attendance of visitors and exhibitors.

—Married, October 4th, 1883, at the residence of W. L. Rowe, Esq., in the Point neighborhood, by Rev. D. J. K. Maddox, Mr. Robertson Ashby to Miss Alice Rowe.

—Married, at the residence of the bride's father, in Ohio county, Ky., Oct. 4, 1883, by Rev. J. T. Casheider, Mr. Chas. A. Smith and Miss Lucy J. Wilcox. May they live long and be successful.

—Married, at the residence of the bride's father, in Ohio county, Ky., Oct. 3, 1883, by Rev. J. T. Casheider, Mr. John Williams and Miss L. E. Wilcox. May they be happy and prosperous in life.

—J. C. Daniel, wife and child, of Springfield, attended our fair and were guests of T. J. Smith's family. His child took sick while here and detained them till yesterday, when they left for home, the child having improved very much.

—The judges awarding premiums on farming implements at the fair last week, awarded the premium to the Oliver Chilled Plow, handled and sold by Griffin & Bro., but upon examination it was found that the agents had neglected entering it.

—Go to H. B. Taylor & Co. and buy goods where you will not be taxed with clerk hire, house rent and extra expenses. They sell the economy, own their storehouse, pay cash for goods, own no debts and raise wool to make their own jeans.

—Park Swift, of Butler county, John Edson, of Grayson county, and Hongland, home not known, Jim Tanner, of this county, were all roped in at the fair grounds last Thursday night for gambling and were assessed ten dollars each and costs. Marshal Doyle made the arrest.

—The Brown Chemical Company, Baltimore, Md., proprietors of Brown's celebrated Iron Bitters, have so far been prompt in paying their advertising bills than any patent medicine company we ever advertised for. Their medicine is also prompt in eradicating disease and building up the system.

—The Jeffersonville band made music at the fair. It was composed of the following gentlemen: Prof. Wm. Rowden, leader; Jno. Speed, Culburn Buck, Moss May, Henry Warnecke, Nimrod Carroll, Albert Stokes, Joseph Smith, Peter B. Mark, Prof. Steinmiller, and Mr. Louis Gunther's during their stay here.

—The fair last week was a success financially. The exhibition and entries were larger than for years past, and the attendance of visitors was very good, in fact, very large the two last days. Taking it altogether it was a good fair, and every thing passed off pleasantly except an accident or two. The officers deserve credit for their efficiency.

—The Anderson's Bazar balloon was turned adrift at the fair grounds Thursday, but took fire before going very high and was entirely consumed save the wire hoop at the base, which was found by Alfred Hudson, of this place, and he got the ten dollar ring offered to the under. It is needless to say that Alfred is happy, and his Jude Spicy who gets the ring will be happier still, and when they conclude to get married and go to the Bazar for their wedding outfits Mr. Anderson will be happy too.

—R. P. Rowe has a complete stock of clothing which he proposes to get higher prices for than any merchant in the Green River country. He will sell suits worth \$12 at \$18. Suits worth \$10 at \$15. Suits \$5 at \$7.50. Suits worth \$4 at \$6.

—Mr. G. Smith Fitzhugh, of Sulphur Springs, happened to a serious accident last Saturday. He was attending the fair and started home in the evening riding a skittish horse; near the gate his horse took fright and started in the direction of some ladies. One of the number, Mrs. King, threw up a chair to prevent the horse running on them, just about the time Fitzhugh checked him up, which caused him to wheel round suddenly. Marshal Doyle got up to him just at the time and caught him as he fell, his foot hung in the stirrup and the horse kicked, breaking his right leg just above the knee. He was brought to the Hartford House and Drs. Pendleton and Morton reduced the fracture. He is doing as well as can be expected, but will be confined for a time.

BROWN'S IRON BITTERS.

THE BEST TONIC.
Cures Completely Dyspepsia, Indigestion, Malaria, Liver and Kidney Complaints, Druggists and Physicians endorse it.
Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

—Remember you can buy a good sewing machine with cover for \$20 at Anderson's Bazaar.

—Mrs. J. W. Stevens, living across the creek from here, is quite ill of typhoid fever.

—Born, to the wife of C. T. Barnard, Monday, October 8th, 1883, a son. This is the twelfth son and fourteenth child, all but two of whom are living.

—Red Front not only sells 500 matches for 5c, but everything else in like proportion. Call and see the bargains in sugar and coffee.

—Red Front wants your produce; such as eggs, butter, feathers, chickens, turkeys, potatoes, beans, cabbage, and onions, anything else you have to sell. Will pay the highest prices.

—One of our young Barristers went out gunning Monday evening and mistook a pea-fowl for a wild turkey and killed it. He is no better judge of law than of fowls he can not tell a belief from a demur.

—Wm. Park, an old citizen of the county, died at his home near McHenry, last Friday, of some kind of fever. The remains were interred in the grave yard on the Patterson place north of here Saturday evening.

—Time Embury was tried at Cromwell Monday for cutting Jo Butler with intent to kill. He was acquitted. Hon. E. Dudley Walker defended, and County Attorney Kingsolving prosecuted.

—The job lot of Stark's boots have been received at Anderson's Bazaar. If you want a bargain come before they are all gone.

—Here's Your Chance at Horton.

Having determined to close out business here, we offer our large, well selected, stylish and fresh stock of dry goods, notions, ladies' hats, dress and millinery goods, boots, shoes, clothing, fancy and staple groceries and all kinds of goods usually kept in a general store, at prices lower than the same kinds of goods were ever sold in the Green River country before. Do not take our statement, but come and see and you will be convinced. We will keep our line of groceries a staple goods complete until we close out. We mean what we say and intend to sell the goods at some price. We regret that circumstances prevent our longer stay here. Our patrons and friends and the community, will please accept our kind regards for the many favors shown us while among them, and if they will come to see us now, we will return some of the favors in the way of the best bargains in goods they ever had.

Very respectfully,
WILSON & JONES,
Horton, Ky.

HARRISON AUSTIN,
39-3t Administrator of Wm. Austin.

What Eminent St. Louis Physicians Say

Preventive of Malaria.—Golden's Liquid Beef Tonic is a very agreeable article of diet, and particularly useful when tonics are required, being tolerated when other forms of animal food are rejected. In diphtheria, ague, malaria, typhoid fever, and every distressing disease, its use will be attended with great advantage. We have prescribed it with excellent success. J. H. Leslie, M. D.; G. P. Copp, M. D.; S. B. Parsons, M. D.; G. R. A. Vaughan, M. D.; Drs. S. L. and J. C. Nidelet; Wm. Porter, M. D., and many others. Take no other. Of druggists.

Found—Stray Horse.

On Friday during the fair a bay horse, one hind foot white, about 15 hands high, well built, and 12 or 13 years old came in to my livery stable in Hartford without bridle, saddle or harness on. He has a lump on his back. The owner can get him by proving property and paying charges. E. L. STULENOR, 411f.

R. J. DANIEL.

Here's Your Balloon Joke.

This was the sound that greeted the ears of Jacob Small, manager of Small's Trade Palace yesterday morning. On Saturday evening last Mr. Small sent up a balloon from the fair grounds with the promise that the finder should be rewarded with a \$15 suit of clothes. It rose gradually and gracefully, and was eagerly watched by the vast multitude. Higher and yet higher it mounted the airy stairway till near a half mile high. It moved from the start in southeast direction and kept on in that direction till it looked like a diminutive star, and finally faded from view. Willie Taylor, son of Rick Taylor, who lives a mile or two east of Beaver Dam, found it Saturday night on his father's farm, and brought it in yesterday and got the suit of clothes. The Trade Palace is one of our leading dry goods stores and its liberality in this respect is very commendable.

What Tom Moore Said.

"Wrinkles are democratic and flatter nobody." The same may be said of all blemishes of the skin, whether caused by sickness, age or accident. Glenn's Sulphur Soap will at least retard the time when wrinkles make their appearance, by keeping the skin of a velvet softness, improving its elasticity, and preserving its healthful appearance. It gives a pearly sheen to the skin, which cannot be distinguished from the natural hue of a pure blonde complexion. Beware of counterfeits. See that N. C. Crittendon, proprietor, is printed on each packet, without which none is genuine. Sold by druggists and fancy goods dealers.

Attention Teachers and Trustees.

For the next three months I will be found in my office on Saturdays only, as the balance of the time will be occupied in visiting the schools of the county.

F. L. FELIX, C. S. C. O. C.

Loaves and Fishes.

The multitude by Christ contained 5,000. On five loaves and two small fishes, twelve baskets of fragments still remained. When the cooks cleaned up the dishes, but in those days were wonders wrought. Now, loaves and fishes sell no more. But choice goods may still be bought at the great Emporium Store.

Thos. Gilstrap, Proprietor, Cromwell, Ky.

WHAT Kentucky wants—and it is the only want in which the masses of the people of Kentucky are directly interested—is a system which shall provide for the education of all children of proper age in the rudimentary branches, with separate schools for white and black. That accomplished, the State has discharged its duty. Academies, colleges and universities will take care of themselves.—Owington Commonwealth.

That expresses it in a nutshell. If Kentucky can succeed in providing for all of her people, white and black, such a rudimentary education as is contemplated by the laws of the State, she will have done her full duty. She must have teachers competent to do this, and she must pay them liberally for doing it. Beyond this the State is under no obligation. If the next General Assembly will take up the report of the Superintendent of Public Instruction, and review it carefully, it will find points enough to enable it to perfect the laws and render the system just what it ought to be.—Frankfort Freeman.

We desire to add our hearty endorsement of the foregoing paragraphs. They contain suggestions in strict accord with our views, with the educational interests of Kentucky. It is the greatest tribute to the support of high schools and colleges, when her facilities for teaching the rudimentary branches are so deficient.—Owensboro Messenger.
